APPLICATION FOR SPECIAL APPROVAL TO TRANSPORT BY AIR OF DANGEROUS GOODS

Approval ref.

APPENDIX I

(see paragraph B1 of the application form)

- 1- This approval is valid only to the extent applicable to the legal competence of the issuing State, i.e. the State of Origin, Operator, Transit, Overflight and/or Destination.
- 2- This approval is neither a decision for diplomatic clearance, traffic rights, transport of munitions of war, nor acceptance from aerodrome operators.
- 3- The dangerous goods shall be carried in accordance with ICAO Technical Instructions and all conditions set in the approval.
Note: 'Technical Instructions' means the latest effective edition of the 'Technical instructions for the safe transport of dangerous goods by air (Doc 9284), including the supplement and any addenda or corrigenda, approved and published by the International Civil Aviation Organization.
- 4- The air operator must have conducted a specific risk assessment in accordance with ICAO Annex 6 Chapter 15.
- 5- Transport is allowed in cargo aircraft only (CAO). No person shall be carried onboard other than a crew member, an operator's employee in an official capacity, an authorized representative of an appropriate national authority or a person accompanying a consignment or other cargo (as defined in the Technical Instructions).
- 6- In the case of the transport of explosives, explosives of different compatibility groups must be separated in accordance with ICAO Technical Instructions Supplement and the method of separation must be as approved by the national authorities concerned. See paragraph H of the application form.
- 7- Prior to the flight, in addition to observing any aerodrome requirements stated within the Aeronautical Information Publication, the air operator must comply with aerodrome operator's safety and security instructions regarding the storage, handling, loading or unloading of the dangerous goods, refuelling and parking of the aircraft. Regardless, the following minimum conditions apply:
 - a) no refuelling during loading/unloading;
 - b) no loading/unloading on the approach of, or during a thunderstorm;
 - c) compliance with safety distances from infrastructures with personnel and passengers and from other aircraft as defined by the aerodrome operator unless otherwise specified by the authority issuing the exemption;
 - d) no reduction to the rescue and firefighting capacities of the planned aerodromes (other than alternate aerodromes).
- 8- The operational flight plan (including any amendments to the flight plan that become necessary in the course of the flight) must avoid densely populated areas as far as practicable, whilst respecting the instructions of air traffic control.
- 9- In the event of an unscheduled landing, the pilot in command of the aircraft shall immediately inform the aerodrome operator of the nature and quantity of all dangerous goods carried as cargo on board the aircraft.

**APPLICATION FOR SPECIAL APPROVAL TO
TRANSPORT BY AIR OF DANGEROUS GOODS**

Approval ref.

- 10- In the event of an in-flight emergency where the situation does not permit the pilot in command to inform the ATS unit of all dangerous goods carried as cargo on board the aircraft, in accordance with ICAO Technical Instructions Part 7 Chapter 4 § 4.3:
- a) the pilot in command must:
 - i- notify air traffic control that dangerous goods are being carried under an approval; and
 - ii- provide air traffic control the telephone number of a person of the ground staff of the air operator that may be called by emergency services and authorities to obtain details of the dangerous goods on board.
 - b) the contact telephone number must be recorded:
 - i- within box 18 of the aircraft flight plan; and
 - ii- on the written information to the pilot in command.
- 11- The packaging of explosives must be the one specified in the classification document issued by the competent authority.
- 12- A copy of this approval and a copy of any Packing Instruction which is published in ICAO Technical Instructions Supplement must be attached to the dangerous goods transport document (shipper's declaration).
- 13- A copy of this approval must be provided by the air operator to the aerodrome operators of origin, transit (if applicable) and destination.
- 14- This approval is valid for a single flight on the scheduled flight date specified in paragraph C of the present exemption. If the flight date should change:
- a) within 30 days from the scheduled flight date, the air operator must inform as soon as possible and before the flight is performed all the parties concerned (authorities, aerodromes, etc.) of the new effective flight date; or
 - b) more than 30 days from the scheduled flight date, an amendment of this approval or a new approval must be requested as soon as possible and at least 10 days before the new effective flight date.
- 15- Additional requirements (if any) set by the issuing authority
